SUMMARY

A passionate web developer and designer, I have experience in using various web technologies and frameworks to create and deploy dynamic websites and web applications. I am always eager to learn new things and challenge myself with complex problems. I also have a dream of using my skills to make a positive impact on the world through technology.

EDUCATION

Syrian Virtual University

Bachelor's degree, Information Technology Engineering | 2021 – 2026

Aleppo University

Bachelor's degree, Software Engineering | 2023 – 2028

Aleppo University

Technical diploma, Software Engineering | 2021 – 2023 | 90.63% | 1st graduate

PROJECTS

- Online Book Inventory System (C#, ASP.NET, SQL Server, jQuery, Bootstrap):
 - Developed an online system for browsing, searching, and managing book inventory, demonstrating user authentication and database handling.
- Dynamic Website and Control Panel for Sama Media (HTML, CSS, JavaScript, PHP, MySQL):
 - Designed and built a responsive website showcasing the company's portfolio and a content management system for adding, modifying, and managing content.
